

Outpatient Services

For Jackson Care Connect Members

We are excited to be partners with you and Jackson Care Connect as you or a loved one pursue a healthier and happier future. We have a group of well-trained therapists and a strong psychiatric services support team here at ColumbiaCare who are ready to help in your journey toward better behavioral health. To best serve you, we offer same-day access to services and multiple clinic locations for member convenience. When you arrive at our clinic, you can expect to be treated with respect, compassion and expert service in sorting through challenges that may be occurring in your life.

If you would like more information about our services, or need to schedule an appointment, we are just a phone call away! If you would rather just stop by one of our clinics, a staff member from our Outpatient Team will gladly assist you with your needs.
