

RESIDENTIAL EMPLOYEE

I'm emailing you to thank you again for your letter of recommendation. I've officially accepted the offer this morning for a Master's of Science in Epidemiology. I also want to thank you for hiring me on in the first place as well. Honestly, when I was in school I never thought I'd work in this particular sector of mental health, but am super glad I have worked for this organization for the past year and a half. It has definitely taught me a lot and is an experience I'll never forget. I will probably be pursuing a certificate in Public Mental Health to continue working in the field. Thanks again!
