

NADAN FILIPOVIC, RN

I would first like to, from the bottom of my heart, say thank you for managing this company, and utilizing the HSU enabling me to have this amazing job. Thank you for this great opportunity, self-growth, and a great development professionalism. From day one, as a RAI, I have enjoyed working with our clients, and administrators. Even till this day, progressing into a nurse, I have continued to work with great administrators managing the facilities under amazing care and leadership. I cannot go without saying that the leadership in this company is a great reflection on the ownership of the company. With such great dedication, motivation, and continuous strive for improvement, each administrator truly expresses the ideology of the company onto the facilities. We keep succeeding, growing, and primarily providing the care that we do. Not a lot of people can walk into work and smile from the diversity of our clients, and the culture they bring.

I have seen this company grow within the last several years, and I truly hope it keeps growing, and never losing the true focus this company stand behind; utter most respect for our clients and maintaining their dignity while we integrate care. Our clients get better, get worse, transition, grow, and continue to give us a delightful outlook on life. It is truly an amazing reward for what this company stands for.

I would also like to thank you for truly believing the work of Health Services Unit, and the different perspectives we incorporate for the care of our clients. I believe you have an amazing supervisor, Sheryl, that leads the nurses to become better, and continue to develop new ways to provide care. It is the daily team collaboration that creates ideas and strategies to adequately understand our clients, and

NADAN FILIPOVIC, RN

provide what they need the most. HSU has started small, but now has become a tight bundle of amazing nurses who have, on a continuous basis, shown passion, dedication, and client centered care. I wish you, and the rest of this amazing team (Columbia Care Services), an amazing future with positive growth, continuous learning, and maintaining the foundation that has started this company. I, once again, thank you so much for all that you have provided for me. It has been an amazing time.
